

Things and Stuff and Whatnot (TaSaW) is a design production studio located in New York, NY. We are specialized in speculative art, furniture, and objects. We focus on material and work on a variety of metals, plaster, textiles, wood and concrete, which allow us to develop and execute complex projects.

Our clients are generally, but not limited to, interior designers, architects, artists, collectors, galleries and institutions.

Call us and let's start your project!
